SECTION	<i>Police Mysore</i>
FILE No. To,	<i>71 of 1900-01</i>
SERIAL No.	<i>1</i>

The Secretary to the Government of Mysore,
Revenue and General Departments.

Sir,

I have the honor to forward herewith for information and early orders of Government copy of letter No. Camp 651 dated the 6th Instant, together with copies of D.O. correspondence referred to therein, (in a sealed cover) and the enclosures in original, being plans and estimates for the temporary Police Lines on the Kolar Gold Fields. The Deputy Commissioner's proposal to have four blocks ^{of} 12 huts each, has my concurrence. It is desirable to have them constructed by Revenue Agency as they are intended to be temporary and in order that they may be got ready without any delay as the additional Police recently sanctioned are without accommodation. I beg that under these circumstances the Government may be pleased with the consent of the Public Works Department, to sanction the work being carried out by Revenue Agency and its being put in hand immediately.

I have the honor to be,

sir;

Your most obedient servant,

Brassey

INSPECTOR GENERAL OF POLICE IN MYSORE.

From

J. E. C. Carrington

Deputy Commissioner

To

Kolar District

The Inspector General of Police
in Mysore.

No.

Enclosure No. 1 Plan & Estimate

Sir,

In accordance with your
Demi Official letter dated Malur
13 October 1900, I requested the
Executive Engineer, Kolar District
to kindly let me have plan
& estimates for the temporary
Police lines on the Kolar Gold
Fields. These have reached
today and are submitted for
the information of Government.

2: It is proposed to construct
4 blocks of lines of 12 huts each
in various localities near the

Police Stations on the Kolar gold fields. As you are aware, the force has been greatly augmented of late and some 40 or 50 recruits have been enlisted. These men, together with quite half of the original force, are wholly destitute of suitable accommodation and it is to meet this want as speedily as possible, and before His Excellency the Viceroy visits the fields, that I now request Government to allow me to erect these temporary quarters for the Police under the Revenue Agency.

3. In addition to the above, the Public Works Department will undertake the construction of 4 sets of permanent or pukka police lines of 12 huts each at an early date and plans & estimates are being submitted to the Superintending Engineer by the Executive Engineer. The cost of these buildings is estimated at over Rs 25,000.

4. In anticipation of Government sanction, I propose calling for tenders for the construction of the temporary lines, basing my calculations on the plans & estimates of the Executive Engineer, forwarded herewith.

I have &c

"Cp"

Inspector General of Police.

Sd/- F. C. Carr

Deputy Commr

Copy of letter Dated Kolar 10th. October 1900 from Mr. P.E.C
Carr :-

(2/c)

Dear Mr. Rangasami Iyengar,

With regard to the building of Police Lines On the Cold Fields, I would make the following proposals, which are based on the suggestions of the Resident and Yourself, during your recent visit to the Cold Fields.

(1). That out of the allotment for Police Buildings sanctioned by Government in G.O.No. dated half should be given towards the erection of more or less temporary Lines, to be built departmentally. The full allotment is, I believe, Rs.65,000, of which Rs.15,000 may be reserved for the erection of the Police Superintendent's bungalow and office. This leaves Rs.40,000 for the lines. If 20,000 of this is placed at my disposal, I will engage to spend it to the best advantage, in erecting at least 60 huts

(2). The style of hut I propose is as follows:- stone pillars at the four corners, with others to support the ridge pole and wall plate, the intervals to be filled in with brick and mud; sawn "honnai" timber for the beams and rafters, with Mangalore tiles for the roof. The compound walls to be of mud, with ~~pot~~ ^{as} tile coping. These huts to be of the type proposed by yourself. This style of building has been called in a former para "temporary", but as a matter of fact, it will be just as lasting as the more expensive "pukka" buildings proposed by the D.P.W.

It is most essential, considering the number of recruits who have been enlisted, and the number of old constables who are without any accommodation at present, that this work should be put in hand at once. In view too, of the Viceroy's approaching visit to the Fields, I should like, if possible to erect at least one set of constables' quarters, before arrival.

I would, therefore, ask Government to treat the matter

Encl to H. 1.

as urgent, and sanction the transfer of at least Rs.20,000,
to be dealt with departmentally.

Mr. Mainwaring arrives and takes charge in a few days ,
and will be able to personally supervise the whole work.

Yours sincerely,
(Sd) F.C. Carr.

Copy of letter dated Malur 13th. October 1900 to Mr.
Carr:-

Dear Mr. Carr,

Your letter of the 10th. instant re Police Lines in the
Gold Fields duly received. I have ^{already} ~~also~~ informed Mr. Thambu-
chetty of your proposals and he seemed agreeable. There will
therefore be no objection to your taking the necessary steps
for having the Lines built by the Revenue Department under
your supervision. It is not however desirable to apply for a
general sanction placing Rs.20,000 ^{for the Lines,} at your disposal, ~~as~~ the
Government will not be able to deal with it properly. Kindly
make a formal proposal officially giving particulars as to
the plan and number of huts proposed to be erected together
with their estimated cost and asking for permission to have
the work carried out by Revenue agency in order that delay
may be prevented and at least a number of huts may be ready
before H.E. the Viceroy visits the Fields.

Pending the receipt of this reference, I shall shew your
letter to Mr. Thambu-Chetty and prepare him for the sanction
of your proposals without any delay.

Yours sincerely,

Signed/ A.Rangasany Iyengar.
